Young Greens

WHO ARE THE YOUNG GREENS?

Young Greens are the youth and student branch of the Green Party.

We organise within and beyond the Green Party to empower young people to work for genuine, lasting political change.

Young Greens seek to combine principled actions and campaigning within our communities with electoral politics.

We want to harness the energy and ideas of young people, moving society towards a sustainable and just future.

If you're a member of the Green Party and under 30 or a student, you can join the Young Greens.

HOW CAN YOU GET INVOLVED?

Young Greens are active around the country, running campus, city and regional groups to gather together like-minded people. We campaign locally, run events, socialise, and work with local Green Party groups to win elections.

GROUPS & CAMPAIGNS

You'll find details of your nearest local group on our website, or we can help you set up one in your town or university. Many of our student groups run our national **Fair Pay Campus** campaign, calling for a 10:1 pay ratio between the highest and lowest paid workers on university campuses.

WHAT DO WE WANT?

PUBLIC SERVICES

Stop the cuts! We must protect and invest in public services like the NHS.

FREE EDUCATION

We want to abolish tuition fees - because education is a right for all.

END TO WORKFARE

We believe no one should be forced into work by the removal of benefits.

GREATER EQUALITY

Let's raise the Minimum Wage to a Living Wage and introduce pay ratios.

EVENTS

The Young Greens' **Annual Convention** takes place in Autumn, where we run workshops, set priorities for the year, and elect the Young Greens' National Committee. Young Greens are also active at the twice-yearly national **Green Party Conference** as well as organising regular local, regional and European events.

MENTORING

Our **30-under-30** mentoring scheme aims to help young people break into the Westminster bubble and give you the confidence and skills to get your voices heard. We also run **buddying schemes** for young people and new members at the national Green Party Conference.
