FOR OUR

FUTURE

**TUITION FEES HIKED, ESSENTIAL SERVICES SCRAPPED, YOUTH
UNEMPLOYMENT ROCKETING.**

TIME TO KICK THIS LOT OUT?

Just 56% of 18-24 year olds were registered at the 2010 general election, and only 44% voted. The Young Greens want young people to have more of a voice and help to get rid of this bunch! As this government continually does what benefits the privileged few, we need to engage as a generation and say enough is enough.

It only takes 5 minutes - so sign up today to make your impact. Together we can stand up for our future.
